Dear Mr. Majeke

Adjustment of Eastern Cape Department of Health tariffs: 2025/2026 Financial Year

1. PURPOSE

The purpose of this submission is to obtain Treasury Approval in terms of Treasury Regulations 7.3.1 for the adjustment of tariffs for the Eastern Cape Department of Health.

2. BACKGROUND

The department generates its revenue from patient fees charged to paying patients who present themselves for treatment at the public health institutions.

3. METHOD OF CHARGING FEES

Patient Fees

(i) These fees are charged according to the

- Ability of patients to pay for healthcare services rendered – means test.
- Level of public health service delivery
- Level of the health practitioner rendering the health care service
- Type of health care service rendered
- Bed type/ ward if the patient is admitted
- Emergency and rescue services: charges are calculated on the basis of stages of kilometres travelled and on the level of care rendered to the patient.

This means that patient fees will differ accordingly as above. Services rendered to indigent patients (H1 category), however, are all inclusive and do not differentiate on bed / ward type and level of health care practitioner.

4. CLASSIFICATION OF PATIENTS ACCORDING TO MEANS TEST AND EXPLANATION OF TARIFFS

Patients are thus classified as follows;

Table 1 – Patient Classification

Category	Description	Applicable tariff
H0	No income Social pensioners	Services are free except where specified
H1	Individual: Income less than R70 000 per annum Household: Income less than R100 000 per annum	Minimum tariff applies and services are all inclusive. Maximum tariffs apply where specified
H2	Individual: Income less than R250 000 per annum Household : Income less than R350 000 per annum	A tariff above minimum is charged. Differentiation and itemized billing applies
H3 Self Funded	Earnings above R250 000 per annum single and R350 000 per annum household	85% of full UPFS tariff
Externally funded	Patients covered by a Health Insurance, and treated in a 'public ward'	Full UPFS rates apply
	Insured patients whose funds are exhausted /benefits are not covered by the Scheme	Assessment will be done according to income
Hospital Staff and Government Employees	Hospital staff and civil servants treated or receiving healthcare services and medication in the institution	To health insurance members, full UPFS rates apply. Non-medical aid scheme members are charged according to means test.
Interdepartmental patients	E.g. Claimants from the Road Accident Fund/ Persons on awaiting trial e.t.c.	Full UPFS rates apply
Department of Justice	Psychiatric observations	Full UPFS high care rates apply
Private patients	Patients who prefer to be treated by their own doctors in a public hospital, including pregnant and lactating women and children under 6 years	Full UPFS Facility rates apply
Private patients	Patients treated in differentiated amenities	NHRPL equivalent or tariffs agreed to with Medical Aid Schemes.
Request for medical records	Requests for medical records must be done in writing and signed for by the patients.	PAIA rates apply
Completion of medical reports	Requests for completion of medical reports are done by hospital doctor.	Full UPFS rates apply

(ii) Free Services

There exist certain circumstances under which patients will receive services free of charge. Such services include, but are not limited to Primary health care services. These services are illustrated in Table 2.

(iii) By Pass Fee

A by pass fee of R50.00 will be charged to all users who come to public health hospitals without a referral letter from primary health care institutions and or a doctor for non-emergency consultations. The hospital

management should however take into account the issue of the availability of primary health care facilities in the vicinity where the users come from.

IMPLEMENTATION OF TARIFFS

Patient fees will increase by 4.4% from the 2024/25 financial year and the increase applies to all patient categories, treated at the State Health Facilities. This is a Uniform Patient Fee Schedule (UPFS) tariff that is applicable throughout the Republic of South Africa. There is a 30% increase on Emergency Medical Services standby fees.

5. CONSULTATION

On approval of the tariff reviews by Provincial Treasury, the relevant stakeholders will be informed, and the tariffs will be gazetted.

6. FINANCIAL IMPLICATIONS

The adjustment of tariffs will increase revenue collected from hospital fees

7. RECOMMENDATION

It is hereby recommended that Eastern Cape Provincial Treasury approves the adjustment of tariffs with effect from 1 April 2025.

Yours in health

Dr. R. Wagner
Head of Department

Dear Dr. Wagner

Tariff reviews: Hospital user fee adjustments for 2025/2026 financial year.

Review and approval of public sector user fees is the National Department of Health competency in order to ensure uniformity in charging patient fees in all the provinces. A copy of the approval of the tariff reviews by the National Minister of Health for financial year 2025/2026 is attached hereto. In terms of Treasury Regulations 7.3.1 the adjustment of tariffs must be approved by the Provincial Treasuries, before being published and implemented.

In view of the above, the Head of the Department is requested to sign the application to Provincial Treasury. The copy of Uniform Patient Fees Schedule (UPFS) for 2025/2026 is hereby attached for ease of reference. The tariffs will be implemented from the 1st of April 2025.

RE: REVIEW OF THE UNIFORM PATIENT FEES SCHEDULE TARIFFS FOR 2025/2026

In terms of section 41(1) and (2) of the National Health Act, 1 of 2003, the Minister of Health must annually determine the Uniform Patient Fee Schedule (UPFS) tariffs. I have determined that the UPFS tariffs for the financial year 2025/2026 are increased by 4,4% CPI effective 01st April 2025. I have also approved the increment of Emergency Medical Services Standby tariffs by 30%. (Implementation dates may vary across provinces) The increase is in line with the projected inflation rate of the period.

The UPFS increase will be applicable to all categories of patients treated at State Health Facilities and differentiated amenities.

Yours sincerely

Partial Subsidized Patients

These are patients who do not fall in the category of full paying patients. Partially subsidised patients are categorised further based on their ability to pay for health services into two categories: H1 & H2. The fees payable by the partially subsidised patients are expressed as a percentage of the fees payable by full paying patients as determined by the latest edition of the Uniform Patient Fee Schedule (UPFS).
Patients being treated by their private practitioner are liable for the full UPFS fee. The tariffs reflected above include both the facility and professional fees.

- H2 patients who come back within 7 days for the same ailment – Free
- Patient tariffs are not all inclusive, procedures, consultations, medication and admissions are charged for separately.
- There is a differentiation on the type of consultation or type of bed
- The tariff applicable for inpatients is for a day
- Patients admitted after outpatient treatment are liable for the outpatient fee and the inpatient fee
- Patients who attend two or more clinics on the same day are assessed for each visit at every clinic
- Patients who fall in the above categories according to the means test, but belong to a Medical Aid or are treated by their private doctors, or treated in terms of the provisions of the Road Accident Fund Act of the Compensation for Occupational Injuries and Diseases Act (COID/ WCA) must be assessed at the full UPFS tariffs.
- An account must be raised for every 30 day period or part thereof in respect of long term patients.
- The charge for supplementary health services is a rate per contact with the patient

Details of this category of patient.

H2	Individual: Income less than R250 000 per annum Household: Income less than R350 000 per annum
Assistive devises	H2 pays 20% of the invoice cost of the item.

Patients that are on dialysis treatment will be billed for one service per week.

Partial Subsidized Patients

These are patients who do not fall in the category of full paying patients. Partially subsidised patients are categorised further based on their ability to pay for health services into two categories: H1 & H2. The fees payable by the partially subsidised patients are expressed as a percentage of the fees payable by full paying patients as determined by the latest edition of the Uniform Patient Fee Schedule (UPFS) Patients being treated by their private practitioner, are liable for the full UPFS fee. Tariffs reflected above include both the facility and professional fees.

- Patients who come back within 7 days for the same ailment – Free
- Services are all inclusive and there is no differentiation in the type of bed.
- Patients who fall in the above categories according to the means test, but belong to a Medical Aid or are treated by their private doctors, or treated in terms of the provisions of the Road Accident Fund Act of the Compensation for Occupational Injuries and Diseases Act (COID /WCA) must be assessed at the full UPFS tariffs.

Details of this category of patient.

Category	Means Test	
H1	Individual: Household:	Income less than R70 000 per annum Income less than R100 000 per annum
Assistive device	H1 pays 10% Of the invoice cost – On replacement of item if it is lost or damaged.	

Patients that are on dialysis treatment will be billed for one service per week.
